

**Product Information:** Aluminium planters

Aluminium is a light strong, durable material that is resistant to corrosion. The upper edge has been folded twice, which gives these planters a timeless and sturdy appearance. As standard, planters are made of 3mm thick Aluminium, although they can also be produced in 4-5mm. Each planter comes with 15mm feet, to slightly raise them from the ground.

Once constructed, the planter is powder coated with a strong adhesive primer and then finished with a scratch resistant coating.

**Advantages:**

- Strong / durable.
- Light in weight.
- Durable material.
- Scratch resistant coating.
- 5 year warranty.

**Standard colour:**

- RAL 7021 (all other RAL colors are possible).

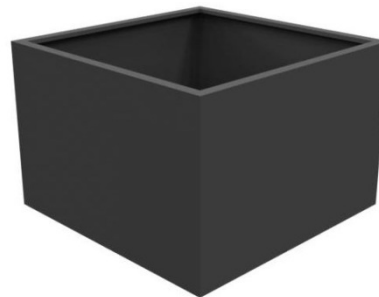

**Optional:**

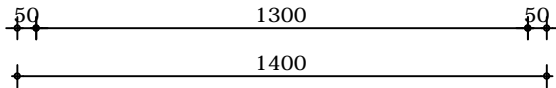

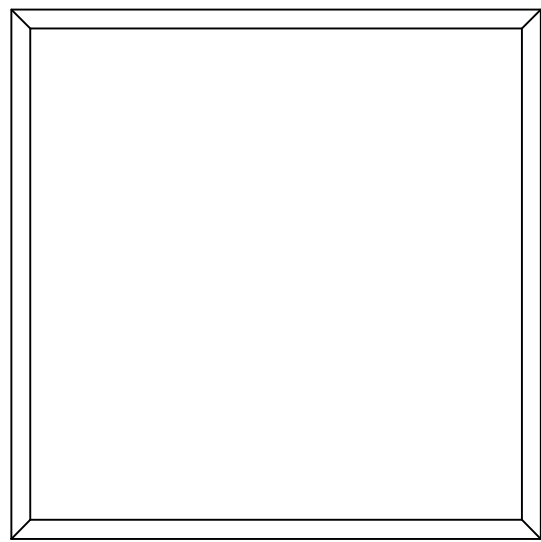

- Finishing in any RAL colour.
- Interior Application (waterproof indicate).
- FLORIDA can have recessed wheels.
- FLORIDA can come with feet (100X100X90mm height).
- Professional maintenance product available from us.

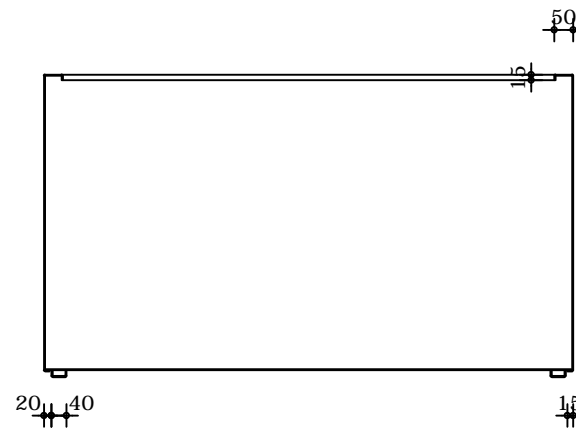

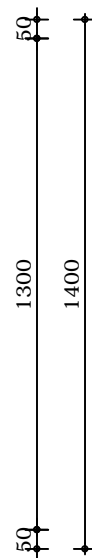

Customisation of the aluminium range means you can create stand out pieces matched to your size and colour requirements. Not only will aluminium suit any outdoor space they are also suitable for homes and offices.

Models: Cairo, Florida and Sydney
